

IOSH Managing Safely Certificate (4 Day Course)

(Institute of Occupational Safety and Health)

This four-day IOSH course is aimed specifically at those people who are required to manage safely and efficiently in accordance with their company's policies and procedures. *Managing Safely* has been developed specifically for the needs of the non-health and safety expert.

Training Objectives

To ensure that people employed in a managerial position appreciate safety requirements. The course should also enable them to review their company's departmental systems and procedures and make changes if appropriate so that the department can work more safely.

Who Should Attend?

- Operating Managers/ Co-ordinators
- Facilities Managers/ Co-ordinators/ Supervisors
- Administration Managers/ Supervisors
- Personnel managers/ Supervisors
- Health & Safety Manager / Supervisors
- Premises Managers/ Supervisors

IOSH Certificate

At the conclusion of the course delegates will undertake a short multiple assessment. The delegates will also be given a post-course project. The project, which is a mandatory requirement of the course, is carried out in the workplace and is of benefit to the delegate's employer. Delegates must complete their project and return it to the tutor within 10 days of the course completion date.

The course tutor will mark all papers, IOSH will also request a sample of papers to review.

Delegates who have been successful will be provided with an IOSH certificate. GSS will apply for the certificates from IOSH, which are normally processed within 6 weeks from the date that they are received at IOSH.

Price is £475 + VAT per person – group discounts available
